

Henry Sibley Warrior Boys Hoops 8th Grade Off Season Workouts 2018

Welcome to the 2018 middle school boys basketball Warrior Youth Workouts! These workouts are for **serious Henry Sibley youth players, in grades 4-8, who are looking to improve their basketball skills** in the off season. These workouts are not designed for traditional "fun" but instead for players to get the satisfaction out of improving their game. These sessions will consist of rigorous, targeted skill work taught by the Henry Sibley High School coaching staff. We use a games based approach to training that will allow kids to work on their skill while actually playing the game they enjoy.

Below are the off season skill sessions we are offering this year. There are three "sessions" - spring, summer, and fall. We are offering a deal where if you sign up for 2 sessions you get the third free. Our prices are low compared to other schools and all of the money raised goes to our booster club. **We do offer payment plans and financial assistance - all you have to do is ask.** The details for each session are in the boxes below.
