

Henry Sibley Warrior Boys Hoops 4th-7th Grade Off Season Workouts 2019

Welcome to the 2019 version of our off-season workouts! These workouts are skill development workouts run by the Henry Sibley High School coaches and geared toward helping our players improve their skill and basketball IQ in the off season. Because of the high level of expectations both mentally and physically, these workouts are meant for serious players who are willing to put a lot of time and effort into improvement. They are not meant for traditional "fun" but rather for players to experience satisfaction by improving their skill & basketball IQ. **These workouts are meant for players who are currently an ISD 197 student, or who are considering/plan on attending, Henry Sibley.**

Below are the sessions we offer. **This year we are capping each session at 40 because of space - so sign up early.** We wanted to put all three sessions together to make signing up easy. **We don't want to be cost prohibitive so we do offer scholarships and payment plans.** You can also pay as you go or write one check.

Spring Session

Location: Henry Sibley High School Time: 6:00-7:30pm
